We serve as counsel to a national developer in establishing condominiums at several luxury mixed-use condominium projects in Boston. Together, these projects consist of over 1,200 luxury condominium units and approximately 1 million square feet of commercial retail space. Our work on these projects has included drafting the condominium documents, negotiating purchase and sale agreements with buyers, serving as seller's counsel on the closings for the residential units, drafting and negotiating leases with commercial tenants, and advising the client on asset management and construction issues.
